In 2010, a slow and expensive visit to a nail salon sparked the idea for sisters Lyndsey, Christy, and Keri to create a line of do-it-yourself nail wraps. Today, Jamberry is bringing you their creation: one-of-a-kind nail wraps that truly represent your signature style!

Jamberry nail wraps are made with durable materials, so smudges and streaks are never an issue, and can last for up to two weeks on fingernails and four weeks on toes. With over 300 nail wraps in an incredible variety of designs, you can customize, pair, and layer Jamberry nail wraps to create a look that’s all your own — all from the comfort of your home.

In addition to nail wraps, we also offer a variety of professional nail lacquers and incredible gel enamels for a fun way to create an accent nail or even paint those pesky pinky toes. Along with our Application Kit, Mini-Heater, and Hand & Nail Care items, our selection includes everything you need to pamper yourself and keep your nails looking fresh and beautiful.

commitment to charity

Make life beautiful extends to something much greater than beautiful nails — it’s at the core of everything we do. We believe that together, through our commitment to charity and goodwill initiatives, we can inspire others and take action to raise funds to support programs that better the lives of those in need. As part of this commitment, we donate $2 | C$2.40 to featured organizations for every sheet of charity nail wraps purchased.

Visit jamberry.com/charity to shop our selection of charity nail wraps.

Due to variations in printing materials and methods, we cannot guarantee that the product colors in this catalog or online are an exact representation of the actual Jamberry products.

These smaller wraps are sized just right for little hands. Perfect for children and adults with petite nail beds, these wraps allow more people to enjoy our designs. Each sheet includes two coordinating designs — 14 of the top design and 28 of the bottom.

**French Tips** (p.21)
These wraps are offered in three length sizes: short, mid, and long. Place your pointer finger on the guide to determine your size or where you want the tip to start. Remember to err on the side of too long, because you can always trim the excess from the cuticle end.

I joined Jamberry hoping to make enough money to pay for my son's first-year baby pictures. Little did I know that this tiny hope would turn into an enormous platform to bless others! I have had the privilege of connecting with thousands of women in many meaningful ways. I started with a hope, Jamberry gave me a dream, and now that dream is a reality!

STATEMENT OF TYPICAL PARTICIPANT’S EARNINGS

The primary source of income of a Typical Participant in the compensation plan (the “Plan”) of Jamberry Nails Canada Ltd. (“Jamberry Nails Canada”) is from compensation for the service of arranging for the sale of products. Personal earnings will vary. A Participant in the plan is defined as an Independent Consultant who actively engages in the activities necessary to realize the benefits of the Plan (i.e. earning at least four monthly payments annually). Typical Participant means a Participant engaged in the Plan for at least one year. A typical participant in the plan in 2014 earned between $81 and $1,221 in commissions.

Please note that these earnings are estimates and have been derived from the earnings experience Jamberry Nails Canada’s U.S. parent company, which operates a similar and comparable compensation plan, selling comparable products in the United States. These earnings estimates will be reviewed after 6 months of operation of the Canadian Plan, and updated at that time with compensation actually received by typical participants in the Canadian Plan. After one year, this Statement of Typical Participant’s Earnings will be updated again, and then updated annually thereafter.

application instructions

Nail wraps should be applied to clean, dry, healthy nails.

1. Push back cuticles and clean nails with a Nail Prep Wipe or rubbing alcohol. When applying wraps over lacquer, apply a fresh coat and allow to dry.
2. Match nail (finger or toe) to the nail wrap that best fits.
3. Cut nail wrap in half.
4. Peel off nail wrap and warm the adhesive with a Mini-Heater or blow dryer for 3–5 seconds or until soft and flexible.
5. When warm, press the wrap onto the nail. Apply firm pressure around edges to adhere the wrap to the nail. Use rubber cuticle pusher to seal the wrap around the base of the cuticle.
6. To remove excess, trim the top with scissors and file off remaining wrap using a downward motion.
7. Apply heat and pressure to the wrap again until it is bonded to the nail.

removal instructions

Break the seal by getting under the edge of the wrap with your opposite thumbnail. Then, soak the nail wrap in Nail Wrap & Lacquer Remover for 20–30 seconds and gently peel the wrap from side to side. Soaking will break down the adhesive bond and allow them to easily slide off the nail bed.
